

# Global Director IVDs

Germany, UK OR USA.

This is a one of a kind opportunity to become the face of IVDs for a large notified body as they prepare for the new IVD regulation. They are hugely investing in this, with a view to more than quadruple their existing talent pool. This is not a typical product assessor/auditor role. This role has been newly created, with a focus to drive the company's growth in the IVD field globally. This role does not have direct line management, but it does have huge exposure.

As the global director for IVD, you will use your expertise in IVDs, along with strong interpersonal and strategic skills to grow and develop this company's IVD presence across the globe, by creating new and enriching existing relationships with leading manufacturers.

Your role will be to drive and deliver the strategy for the company's global growth into the IVD field. You will be the face of the IVD department, speaking at events, attending conferences and networking to raise brand awareness. You will build relationships with leading international customers and be responsible for attracting new business to the notified body.

## As Global Director IVDs you will:

- **Develop and implement business strategy plans to build relationships with new and existing IVD manufacturers**
- **Curate and deliver information for marketing and informational events/conferences**
- **Drive project distribution and execution globally**
- **Engage with and coordinate the local IVD operations team**
- **Build global brand awareness in the IVD field**
- **Co-ordinate global projects**

## This role offers:

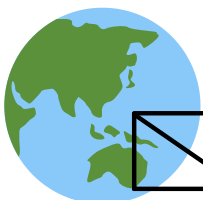

- **The chance to travel the world and establish yourself personally as a leader in the IVD market**
- **Build your professional network and meet new people**
- **Become known as the “go-to” person in the market for iVDs, dramatically increasing your future career path options**

>>> Swipe up

## Expectations:

- **Bachelor's, Master's or PhD in relevant science or engineering**
- **8+ years experience in the IVD industry**
- **Understanding of regulatory affairs and the impact of the new IVDR**
- **Strong strategic and communication skills, confidence, ability to network & speak in front of small and large groups**
- **Willingness for 50%-60% travel.**

**We'd love to hear from you!**

**Please send your CV to [elena@elemed.eu](mailto:elena@elemed.eu) to arrange a confidential career discussion.**
