THE OPPORTUNITY

In this role as QMS Specialist you will work closely with the VP to support the development, maintenance and improvement of the Quality Management System.

This role will be in close collaboration with engineering, manufacturing, clinical field staff, and Regulatory Affairs to ensure a robust and effective Quality Management System.

AS QMS SPECIALIST YOU WILL...

- Be supporting the development, maintenance and improvement of the Quality Management System according to ISO 13485.
- Be responsible to generate, review and edit SOPs, and other applicable documentation within the QMS responsibility.
- Support and guide other departments in the maintenance and editing of SOP's and other applicable documentation.

AS QMS SPECIALIST YOU SHOULD HAVE...

- Bsc in Engineering or related technical field or equivalent, Master's Degree is a plus.
- Minimum 3+ years Quality Management/ Quality Assurance experience in the medical device industry
- Hands-on experience with ISO 13485.
- Strong written and verbal communication skills in English, German would be a plus.

**We'd love to hear
from you!**

**Please send your CV to hiba@elemed.eu
for a confidential career discussion.**

Only applicants who meet the requirements above will be considered for the role. Unless otherwise stated we are not able to consider applicants without EU work authorization.

Elemed is an executive search firm, specialized in finding and representing exceptional talent in medtech.
