

Regional Quality Assurance Expert

Barcelona, Spain

Come and join a global leader in healthcare with locations across the world and around 8,000 employees. The devices (manufactured and sold globally) are groundbreaking AND life changing. Thanks to a full pipeline of R&D and new products, this company is really leading the way and innovating within their space.

At this company you'll enjoy a flat hierarchy (no top down management here!) where communication is open and you are valued not just as an employee but as a person. This company has very high ethics and a unique culture where the work-life balance is important!

The Opportunity

You will have the opportunity to be a part of the Regional Quality Assurance team for EMEA and be based at the European centre for Business Solutions. Your key focus will be to control and assess the distributor network and ensure compliance to MDR, however, this is not the kind of position that restricts your responsibilities. This is a great opportunity for someone who likes to extend beyond the parameters of their job description and be the external interface for a global organisation.

Your responsibilities:

- Interface with other key Quality Assurance associates globally to enhance Quality Assurance procedures and processes
- Ensure ISO 13485 quality system certification is compliant and remains compliant according to MDR
- Assess and approve the distributor network across the EMEA region and, where necessary identify new distributors
- Own processes such as CAPAs, non-conformances etc.
- Organise, host and support internal and external audits
- Travel up to 20% in EU and internationally

Your qualifications:

- 3+ years experience in Quality Assurance or other Quality function for the medical technology industry
- Deep experience with external or internal audits for medical devices
- Knowledge and experience of ISO 13485 and MDR
- Fluent English speaking, reading and writing

We'd love to hear from you!

Please send your CV to hello@elemed.eu for a confidential career discussion.

Only applicants who meet the requirements above will be considered for the role. Unless otherwise stated we are not able to consider applicants without EU work authorization.

Elemed is an executive search firm, specialized in finding and representing exceptional talent in medtech. To find out more about our Candidate Services visit: <https://www.elemed.eu/candidates/>
