

QARA Manager Active Devices

Munich + 1 day home office option

If you like being at the forefront of the newest, cutting edge technology in an organisation that really impacts the MedTech industry, we have just the thing for you!

We are offering a fantastic opportunity in one of the top 5 notified bodies, where you will have your voice heard and be more than just a number. Your clientele spans all over the world, so you can expect a great encounter with different cultures and some of the top companies in their field. Their great work culture and continuous investment in the development and training of their people make them a truly world class company. This notified body is growing its active device team, and this is your chance to be part of that!

As QARA Manager active devices you will:

- Be the decision maker for which companies receive certification
- Assess and process various certification projects for active medical devices
- Plan, prepare and lead audits for active medical device companies
- Be responsible for processing appeals
- Plan, oversee and lead training for certification staff

As QARA Manager active devices you should have:

- 4+ years of experience with active medical devices (60601)
- Bachelor, Master or PhD in a relevant science or engineering
- Willingness to travel 20%
- Auditing experience for active medical devices
- Excellent communication skills in English and German

To apply: Please send your resume to kristina@elemed.eu to arrange a confidential career discussion.
