

CAPA Manager

Zug, Switzerland

Are you passionate about quality? Naturally a "problem solver"? Technically Minded? We are looking for experienced CAPA Managers meeting these three points. You'll have the unique opportunity of joining a company manufacturing life saving medical devices, with a clear vision and career development pathway.

If you are forward thinking, collaborative, with a good eye for detail, then read on! This is a new position created to support product development projects.

As a CAPA Manager, you will

- Serve as SME for company's QMS CAPA Process
- Be responsible for reviewing and approving all root cause processes as well as providing organizational support in root cause analysis methodologies
- Host CAPA Review Board and communicate with top management on CAPA quality indicators
- Maintain compliance to organizational quality indicators to ensure conformance to standards
- Interact daily with cross functional departments in appropriately documenting, analyzing and effectively preventing recurrence of identified gaps

Do you have the following experience? If so, we want to hear from you!

- 5+ years experience within quality assurance in the medical device industry
- Great knowledge with CAPA
- Expert in root cause analysis
- Engineering/technical degree
- Fluent in English

We'd love to hear from you!

Please send your CV to kristina@elemed.eu for a confidential career discussion.

Elemed is a truly niche recruitment business dedicated solely to QA/RA for the European Medtech Industry. We serve within the Medical device, diagnostic and combination device arena, working with Managers up to VP of Quality and Regulatory.

We are an equal opportunity employer and value diversity at our company. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.
