

QARA Manager

Remote in Germany

If you enjoy being at the forefront of the newest, cutting edge technology in an organisation that really impacts the MedTech industry, we have just the opportunity for you!

We are partnered with one of the top 5 notified bodies to support them in expanding their non-active implant team. Their continuous investment in the development and training of their people make them a truly world class company. They offer a multitude of training to develop you professionally and also have great social events in their beautiful beer garden perfect for bonding with the team. You can be assured that you will count for more than just a number in this organisation and directly impact the medtech industry.

In this position you will gain great exposure to the company's global clientele spanning from small innovative start-ups to the seasoned giants of the medical device industry. You will also have the opportunity to see some of the most exciting technology on the market whilst working alongside top experts in the field.

As QARA Manager you will:

- Plan, prepare and perform audits according to EN ISO 13485, ISO 9001, MDD, MDR and MDSAP for medical device companies
- Process customer orders and enquiries in a transparent and reliable manner
- Evaluate technical documentation for various medical devices from Class I – III
- Give support to the customer (where allowed) as a client manager
- Travel up to 60%

As QARA Manager you should have:

- 4+ years of experience in the medical device industry in a Quality, Regulatory Affairs OR R&D function
- 2+ years of specialised experience in a particular type of device i.e. stents/catheters etc
- Excellent speaking, reading and writing in the German language
- A willingness to travel up to 60%

Do you meet the Requirements?

We'd love to hear from you! Please send your CV to kristina@elemed.eu for a confidential career discussion.
